

EAST MISSISSIPPI ELECTRIC POWER ASSOCIATION

Coordinated Billing Program

To assist our members on fixed incomes in paying their electric bill, EMEPA offers a Coordinated Billing Program.

This program allows qualifying members to shift the time of the month that their electric bills become due. This allows sufficient time to pay their bill after their retirement/benefit check arrives each month, avoiding the expense of late charges.

To qualify for participation in the Coordinated Billing Program:

1. *Your monthly income check must be from a Federal, State, County, or City Government.*
2. *Your electric bill must be in your name.*
3. *Your electric bill must be paid in full each month.*
4. *Your account has not been disconnected for non-payment within the past twelve (12) months.*

If you qualify and wish to participate in the Coordinated Billing Program, please fill out the application below and return it to us. We appreciate the opportunity to help our members in any way we can.
